

# Pre-Kindergarten

The mission of St. Philip Neri Pre-k is to provide an environment where children have plenty of room to move, play and try new ideas. We view early childhood education as the foundation to promote the spiritual, social, emotional, intellectual, and physical development of each child. St. Philip Neri Pre-K will encourage in each child a love, respect, and appreciation for God and God's creation.

The goals of St. Philip Neri Pre-K are to introduce our students to the message and values of Jesus, create a love for learning, and the basic skills of self-discipline and social development. In addition, we want the students to develop the following:

- Knowledge and appreciation of the physical world
- Confidence with physical environment
- Language to build expression of ideas
- Experiences and feelings
- Language comprehension when spoken or written
- Problem-solving skills to encourage independence, curiosity and imagination.
